Etiquette (/ˈɛtikɛt/ and /ˈɛtikit/; French: [e.ti.kɛt(ə)]) is the set of conventional rules of personal behaviour in polite society, usually in the form of an ethical code that delineates the expected and accepted social behaviours that accord with the conventions and norms observed by a society, a social class, or a social group.In modern English usage, the French word ...

Etiquette - Wikipedia

ATVs with an electric shifter, like the Honda AS models, uses an electric motor to shift through the gears. If the motor does not work, the bike will not shift gears. The only way to make it shift is by using the emergency shifter (a short-shifting shaft sticking out the left lower side of the engine, use the supplied gear change tool).

ATV Won't Go Into Gear or Shift - the Most Common Causes ...

Shift. The tilt effect alters the focal plane of the image, but the shift effect alters an image's perspective. With the Shift knob, you can move the lens up and down or side to side on the body of the camera. As the lens moves, the image plane moves too, so that the sensor records different areas of the total image.
