The 1940s had been good to the Man of Steel -- his radio program, The Adventures of Superman, was broadcast nationally multiple times a week starting in 1942. With Nazis out of the way, the show's writers went on the lookout for new villains for their protagonist to battle. Like the KKK.

### How Superman fought the KKK in real life - Grunge

The real weakness of superman isn't so much of kryptonite but how easily his soul is crushed by other people's beliefs that in the realm of the mental Superman has no power at all. Superman more or less despite his efforts to talk people out of situations have only been related to stopping the act of violence and physical force.

### How would our world react to a real life superman?

Originally, the reason for Superman's abilities was not explicitly detailed - other than stating Superman is an alien. However, as the Superman character developed over the years, DC writers attempted to provide real world explanations for the hero's super powers, settling on the idea that Superman receives his abilities from stored-up solar energy - via Earth's yellow sun.
