First, it breaks new ground in Indian philosophy. According to the Spanda Doctrine, the self is not simply witnessing consciousness as maintained by Sankya and Vedanta, but is an active force. Second, the ultimate reality is not simply a logical system of abstract categories, but is living, pulsating energy, the source of all manifestation.

For example, when the consciousness light enters the pineal gland, the energy emitted is violet due to the specific vibration of the gland. By that standard, our 'bliss frequency' - what we call The LumenOctave - is the light of consciousness experienced through the full octave of frequencies in the body: the seven frequencies plus the origin of the octave (the high 'C').
