The Moment It Clicks: Photography secrets from one of the ...

The Moment It Clicks is divided into four chapters, but these chapter divisions are mostly irr. I recommend The Moment It Clicks to serious amateur photographers and to professional shooters. It is an excellent first effort for Joe McNally. Nevertheless, it does have several flaws.

The Moment It Clicks

I was just surfing through Amazon's best selling book list and noticed a new digital photography book was in the top 20. It's called "The Moment It Clicks: Photography secrets from one of the world's top shooters" (Joe McNally).. I'm yet to see a copy (I just ordered one) but it's certainly ranking well in terms of sales and is an interesting concept.
