Art historical research has two primary concerns. The first is (1)  
to discover who made a particular art object (attribution), (2) to  
authenticate an art object, determining whether it was indeed  
made by the artist to whom it is traditionally attributed, (3) to  
determine at what stage in a culture's development or in an  
artist's career the object in question was made, (4) to assay the
